

M 11 Theory 2

Music Theory

In the second year the focus is on morphology. Forms that are related to dance and those that are “free of dance” (non-related) will be introduced, analyzed and put into practice within the respective historical context.

Dance History

This course deals with dance in its various forms in the 20th and 21st century. Starting with dance around the turn of the last century up to current styles, the different lines of development will be pointed out and discussed.

Dance History - video examples

Video examples illustrate the topics taught in the course Dance History.

Dance videos / Dance films

Continuation of the video/film series from Module M5.
