*I am Yours* is a collaboration project between Norbert Pape and Vania Rovisco (AADK). The work centers itself on sexuality with the emotional surfacing in its fullness through physicality in the performers bodies and states. Filmed by choreographer/dance activist Dieter Heitkamp, known in the german contact dance scene and with the music made by Jochen Arbeit (AADK) also known for his work in the Berlin Genial Delitant scene of the 80's in Berlin. Eroticism is a manner of defining humanity.
